Product Description

Silicone Baby Bibs Easily Wipe Clean Comfortable Soft Waterproof Bib

Product description

A lot of bibs are made of cloth or have cloth-covered seams where food and drool soak right into the bib, so they continually need to be laundered or trashed if mildew sets in. Even worse, they do not have large pockets that stay open to catch crumbs, or may not have pockets at all!

Silicone Bibs from Happy Healthy Parent are the best bibs for reducing these headaches. Made with 100% food grade silicone, our bibs will make your life easier when it is time to clean up after meals.

Our silicone bibs are designed with a wide, stay-open pocket and are easily cleaned!

The sturdy, front pocket can catch so much food that kids will sometimes eat right out of it! Also, silicone is naturally waterproof and stain resistant, so it will not soak up water or food!

Product specification

Product Name	Silicone Baby Dinner Plate
Material free	BPA free
Size	120x108mm for cups
Care instructions	Machine Wash/Hand Wash Only
