#### Product More Details

Silicone

★ YOUR KID IS IN CHARGE - Hands off, mama! It's sweet and generous to deliver that potato purée into your baby's wide-open mouth, but now is the order of babies to learn their self-feeding skills and help your little one grow up and be a confident eater. Our first feeding set allows you to introduce your baby solid foods from the beginning stages of their experiences with food

★ SOLID SUCTION POWER FOR FIRMNESS - The strong suction cups on the bottom of this bowl stay stable on smooth, clean surfaces to avoid slipping or flipping over. The curved handles on each bowl assist mom or dad to help their baby with feeding as he or she leans to spoon feed first. It's ideal on highchair trays or tables

★ FOOD GRADE SAFE MATERIAL - Unlike other manufacturers, our silicone is free from petroleum-based plastics or toxic components. Our toddler feeding set is safe to use, dishwasher safe, freezer safe, microwave safe, BPA-free, PVC-free, phthalate-free and lead-free

★ CONTOURED SPOONS FOR EASY GRIP - The ergonomic design of these spoons feature the perfect length and size that baby's can hold. Best part is that they are soft so you don't have to worry about bumping or scraping their gums

# Perfect Size

Perfect size for toddler portions

Holds approximately 6 ounces

100% Food grade silicone resists stains and doesn't harbor bacteria

Holds approximately 10 ounces

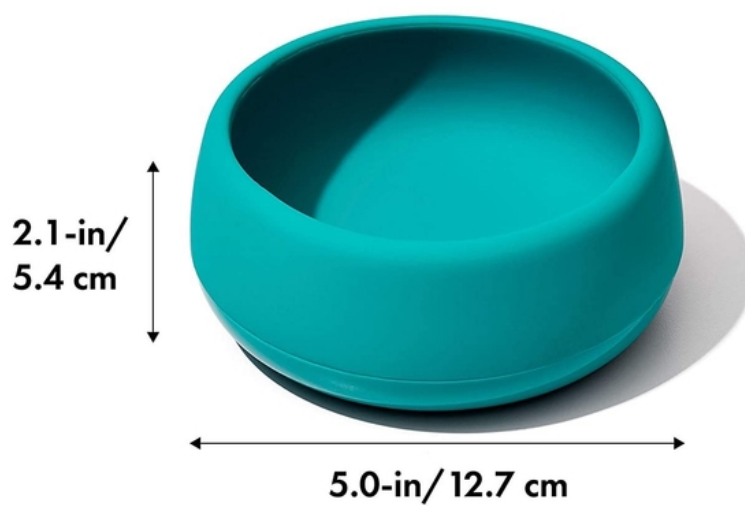

Suction base  
keeps dish  
from sliding

Free e-book

Straight edge allows  
kids to belly up to the plate,  
causing less mess
