Product Features

Children First Because your children are too precious, we tested shape, materials and size until we found the perfect combination for your children's eating needs. Enjoy a safe, easy and non-spill experience when using our premium suction bowls and cutlery – perfect for any situation.

Highest Quality Our bowls are made from premium silicone. Not only are they durable, but also BPA free, lead-free, latex free, and BPS free.

No Mess Each of our 2 baby bowls has a unique suction base that sticks onto flat surfaces, preventing the bowls from sliding and flipping over.

Key features Our bowls have important details that many of our competitors are missing. Each bowl includes, anti-slip handles, spill proof rims, and effective but safe edges on the cutlery. This ensures a clean, safe and easy eating experience for you and your child.

Product More Details

JY Weaning Supplies: Which can be regarded as the first bowl set for babies and toddlers to eat solid foods; The size of our bowls are about 2.36 inch in height, 13.5 oz, fitting for babies and toddlers; The spoon size is about 5.5 inch

Convenient Design: our first feeding set helps your baby eat by themselves, and the suction base keeps the bowl from sliding or flipping over, make the bowl stay still on tables or eating chairs

Safe Material: our suction baby bowls are made of quality and safe silicone (BPA free, and Phthalate free); And they can be washed with dishwasher, time saving and labor saving, and are also available for microwave

Strong Suction: this suction baby led weaning food bowl can be applied to most flat surface, except wood, you can press the side handles for sucking, which is very easy to operate, suitable for babies

Good Gifts: our bowls are good choice to start self eating for your babies, our 6 piece toddler silicone suction bowl set with spoon can be ideal gifts for moms or babies, you can send these bowls to them on baby shower, birthday parties and more
