Product Features

Silicone material (food grade): There will be no silicone oil leakage like other ordinary silica gels, which will cause the beverage to be undrinkable. The ice cube trays are made of 100% Silicone, are BPA-free and certified by the LFGB. No unpleasant smell.

3 Removable Covers with a handle: It's very easy to remove the lid, the ice cubes won't stick to the lid. Use the covers to stack the ice cube trays and protect them from odors picked up by the freezer.

Easy release: our product has the anti-adhesion design on the bottom. Each ice cube is a pure cube and the silica gel is very soft. You don't have to wait for it to cool down. You can easily squeeze out the ice cubes at any time without removing them firmly, so that the product will last longer.

XL Large ice: Each bowl contains a total of 6 large cubes (6 x 5 x 4.3 cm) of 18. You can not only fill the ice cube maker with water but also cocktails, whiskey, red wine, fruit, puree, ice cream, complementary food, baby food or candle.

Suitable for microwave and dishwasher: They withstand temperatures from -40 to 240 ° C and are safe for use in the refrigerator and microwave. Perfect for storing baby food, DIY Candle, Bake a cake. "

Product More Details

Safe Ice Cube Trays: 100% BPA Free, Non-Toxic, Food grade, Leak-free, silicone ice cube tray with lid, keep your ice safe for drinking. These ice cubes guarantee safety and durability, which can be used for adult & baby food, safe for use in the freezer, Oven, dishwasher, refrigerator and microwave.

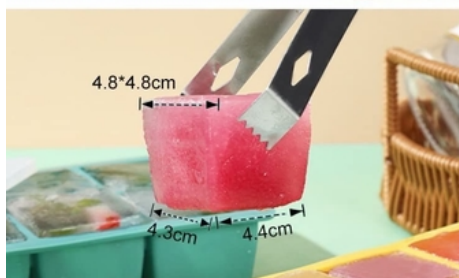

Easy Ice Release & Clean: The Mould is made of silicone and has a soft texture. It is easier to use ice cubes than traditional plastic Moulds. Simply push the bottom of the tray and the ice will slide out quickly. Smooth silicone surface makes it easy to clean.

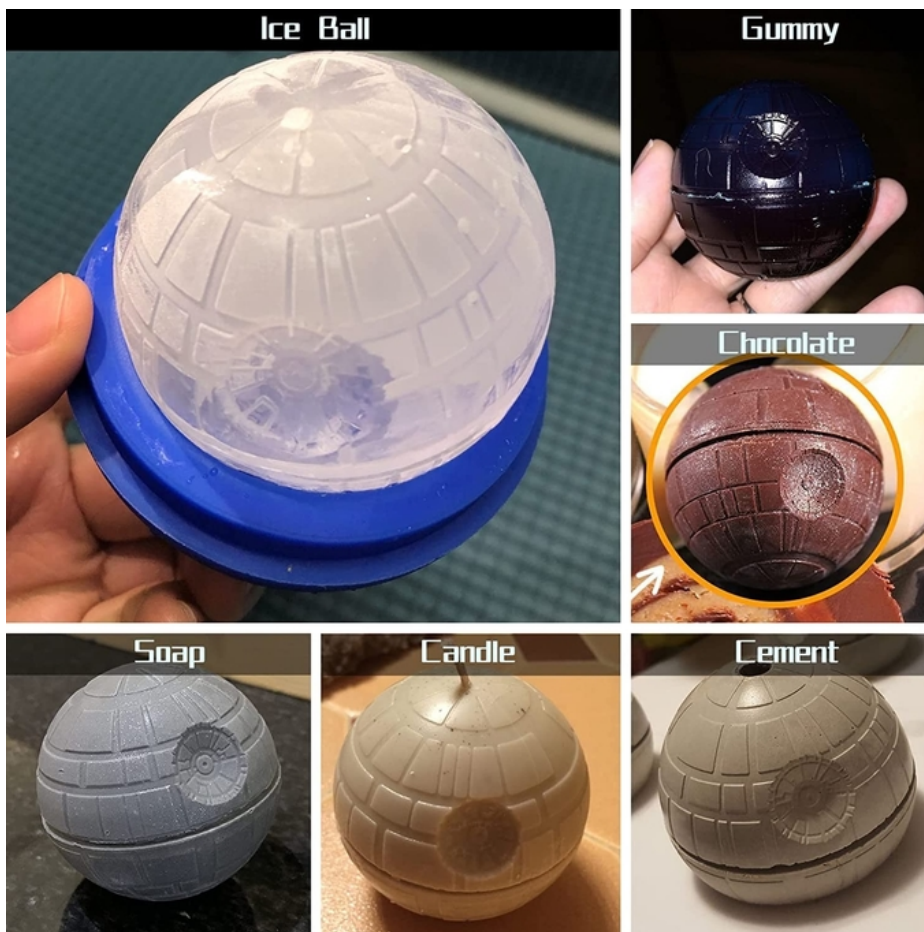

Stackable & Removable Lid: Comes with a removable lid. You can take out a small amount of ice. The rest is covered with a lid and stored in the refrigerator. On the one hand, it effectively reduces dust and on the other hand isolates the odor of the refrigerator. These easy-release trays stack easily and neatly in the freezer without sticking.

Compact Design & Tiny Grids: The compact size allows the space saving storage set to fit nicely in any home refrigerator, RV or dorm mini fridge. Tiny Grids make quick freezing and fast chilling taking up less time freezing into ice cube and chilling your drink, no more waiting.

Multifunctional: Flexible silicone, not only use for making ice cubes, you may use it as chocolate, jellies, mousse, candy, candles, soap, cake pops or resin Moulds. Great for house parties
