#### Product Features

Safety design——100% food grade silicone material, no PPA&BPA&PVC. The silicone material will not fade or wear easily, and is durable.

High quality——The bento box is thick and durable and will last a long time. It will not break even if it falls from a height. It won't leak when submerged in water. It will not fade no matter how long it is used.

Easy to clean and carry——Our silicone lunch box can be washed with warm soapy water or placed in the dishwasher, high temperature resistant, and can be used in dishwashers and microwave ovens. small and lightweight, which is very suitable for dining out and traveling.

Our bento box comes with 3 movable separate compartments, you can take out 3 boxes and organize your food in one compartment for use. Or you can organize other different collocations.

Our silicone lunch boxes are available in a wide range of colors and come in classic looking colors that don't fade easily, ensuring that your lunch box will look great for a long time.

#### Product More Details

Our lunch box is made with food-grade silicone and is free of any harmful chemicals making it safe for you and the environment. Lunch box comes in perfect size for carrying food for both adults and kids. This lunch box is very versatile and can be used to store leftovers as well, to store food in freezer for maintaining the freshness of the food.

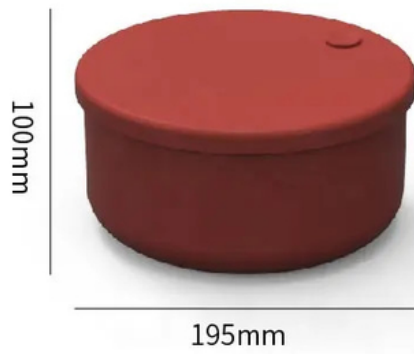

MICROWAVE and FREEZER SAFE lunch box allows you to use the lunch box directly in a microwave or freezer without having to move food contents to another container for heating or cooling.

Made with soft and flexible material makes it DISHWASHER SAFE. Once you are done using this lunch box, you can just pop it in a dishwasher making it very easy to clean and does not stain.

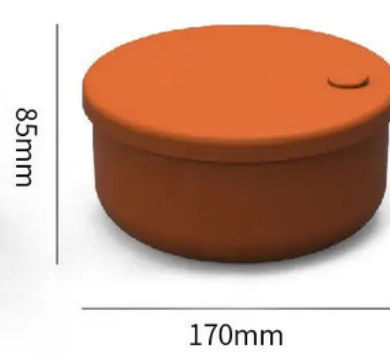

This lunch box uses leakproof design ensuring that food stays fresh and mess-free. The lid has grooves for each compartment and the dividers of each compartment reach to the top and keeps the contents of each compartment separate.
