#### Food Grade Silicone

## Product Description

### Compartment Silicone Bento Lunch Box for Adult Kids Food Container Leak-Proof BPA-Free Food Lunch Storage Boxes, Microwave, Dishwasher Safe Lunch

#### Product description

JY products are produced using only the highest-grade silicone. Therefore, they have qualities that cannot be found in those made from low-cost silicone such as being fast drying, having no water spots, stickiness, or whitening as well as being more lightweight compared to products of the same volume. Not to mention, JY products are firmer, have beautifully vivid colors, and are durable even against oil.

#### Product specification

Special Feature	BPA Free
Usage	baby dinner plate
Ceramic Type	silicone
Product Care Instructions	Microwave Safe
Is Dishwasher Safe	yes
Design Style	Cartoon

#### Product Features

**Safe Material** The bento box dividers are made of food-grade silicone material that is non-toxic, odorless, and safe to use. They have excellent heat and durability resistance and can withstand high and low temperatures.

**High Flexibility** The silicone dividers are soft and elastic, allowing them to easily adapt to lunch boxes of different sizes and shapes. They can divide the box into different sections to hold different types of food.

**Multi-functional Design** Our silicone lunch box dividers are not only perfect for separating food in your lunch box, but can also be used as silicone cupcake liners, muffin liners, and even as food storage containers in the freezer.

**Non-stick Surface** The silicone material used in these cupcake liners has a non-stick surface, which means that cupcakes can be easily removed from the liners without leaving any residue behind, makes the silicone muffin cups very easy to clean.

**Multiple Color Options** The silicone baking cups are available in multiple colors such as blue, green, pink, orange, etc. This adds a fun and colorful element to baking, making them a great choice for parties or special occasions.

#### Product More Details

- **Perfect for Picky Eaters:** Just separating in a colorful way the veggies, snacks and fruits in a kid's bento lunch makes eating fun. Your girl or boy of all ages will love eating the healthy treats you make for their lunch box.
- **Safe Material:** The silicone lunch box dividers are made of food-grade silicone, BPA free, non-toxic, tasteless, durable, reusable, stain resistant, and environmentally friendly. Bento box accessories are ideal for school, work, picnics, parties and home use.
- **Wide Application:** Besides being used as a lunch box accessory to hold fruits, food and snacks, it can also be used as a baking mold for muffins, cupcakes, chocolate desserts, etc. Great fun for birthday, holiday party, baby shower, wedding!
- **Easy to Clean:** Silicone lunch box inserts are temperature safe from -104 F to +446 F and can be used in the microwave, oven, refrigerator, freezer and dishwasher. The fruit picks are not heat resistant, so after each use, simply place them in the cups with water and shake well for quick cleaning, warm water is better. They are easy to clean and reusable.
