## Product Description

### Silicone Bento Box Meal Prep Container for Kids and Adults | lunch box - Microwave Reusable Dishwasher and Freezer Safe - Perfect for Work

#### Product description

Stretches to Expands to Double the size.

This very clever lunch box is made from BPA-free, food grade silicone and recyclable plastic. It is made to hold anything from a sandwich to last night's leftovers and even soup. Now it's easy to 'go green' by using this reusable waste-free lunch system. Simply compress it to 1/3 of the size so that it's easy to carry and store when you are done. As an added bonus, this set comes complete with its own innovative two sided spork that snaps under the lid.

- Expands to Double the size, push down to collapse and store at half the size.
- Reusable silicone has 3 inner compartments.
- Includes a condiment lid and a reusable spork utensil that stores under the lid.
- Microwave and Dishwasher Safe.
- BPA free and FDA compliant materials used throughout.

#### Product specification

Feature	Freshness Preservation
Shape	Rectangle
Age Range (Description)	Adult
Product Dimensions	7" L x 5" W x 3" H
Keyword	yes
Usage	Kids meal plate

#### Product Features

**Safety Concept**—Made from 100% silicone material that is classified as food grade, devoid of PPA, BPA, and PVC, ensuring the well-being of your little one. The silicone composition is resistant to fading or wearing, guaranteeing long-lasting durability.

**Convenient Maintenance and Portability**—Effortlessly maintain and transport our silicone lunch box. It can be easily cleaned using warm soapy water or placed in the dishwasher, as it exhibits high temperature resistance. Additionally, it is compatible with both dishwashers and microwave ovens. Its compact and lightweight design, coupled with the inclusion of a reusable bag, makes it an ideal choice for dining out and traveling purposes.

**Multi-functional and Resilient** - Our assortment of silicone food containers excels in various applications, from safeguarding lunches and preserving leftovers to accommodating cheese and snacks. Noteworthy attributes include liquid volume indicators, commendable temperature resilience ranging from -40°F to 482°F, microwave compatibility, featherweight composition, shatterproof structure, effortless maintenance, and the ability to be reused repeatedly.

BPA-free.

#### Product More Details
