Product Features

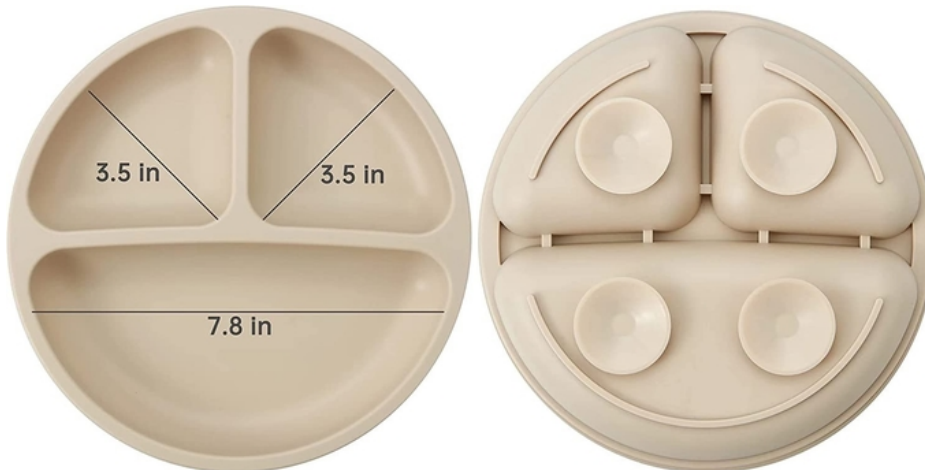

- Silicone
- Ideal Baby Feeding Kit: the baby feeding supplies include 1 piece of silicone bowl, 1 piece of silicone bib, 1 piece of silicone cup with straw and lid, 1 piece of snacks cup lid, 1 piece of silicone placemat, 1 piece of smiling face dinner plate, 1 piece of silicone spoon, 1 piece of silicone fork, sufficient to exercise your baby's self feeding skills
- Reliable and Safe to Use: made of quality silicone, the baby eating supplies set is soft and comfortable to touch, stable and serviceable, without odor or smell, you can use them with confidence
- Sucker Design: the silicone eating bowls and suction baby plate set adopt sucker design, firm and stable, not easy to be upset by your children, to reduce food waste, saving your time and energy
- Good Helpers for Self Feeding Training: the baby eating supplies are made of silicone, chewable and gum friendly for toddlers, not easy to break, to help you exercise your baby's self feeding ability effectively
- Easy to Clean: the self feeding utensil set is simple to clean, you just use the clean water to wash them after every time you use them, or you can wash them with the dishwasher for your next use

Product More Details

- MESS-FREE SUCTION PLATES FOR TODDLERS - Keep mealtime with your toddler mess-free and stress-free with our set of 3 JY silicone suction plates with lids. Our 100% silicone divided plates encourage independent eating without the mess. Place your suction plate on any flat surface for an extra secure grip that won't budge – you'll never worry about your child throwing, tipping, or tossing their plate again! Each plate comes with a lid to store leftovers for later.
- 100% FOOD GRADE SILICONE - Our 100% food grade silicone plates contain no fillers or harmful materials that could leach into your child's food. Unbreakable silicone is the ideal material for toddler dishes – no more cracked plates or spending money to replace them! Plus, silicone is dishwasher and microwave friendly. Remove the lids and pop them in the microwave for a quick reheat, then toss them in the dishwasher for quick and easy clean up!
- FOUR POINT SUCTION KEEPS YOUR CHILD'S PLATE IN PLACE - Four suction points keep your plate securely in place on any flat surface. This allows your child to be more independent while learning to self-feed without creating a mess – no more plates of food tipped over or thrown off high chairs! Unlike ordinary toddler suction plates that have only one suction point, our four point design makes it easy to remove your plate when your child is done eating without spilling food everywhere!
- DIVIDED DESIGN FOR PICKY EATERS- Say goodbye to tantrums and arguments at the table! JY divided plates are perfect for picky eaters who don't like their food to touch. Raised edges allow your child to scoop food without pushing it off the plate or mixing it in with other foods on the plate. Plus, the divided design combined with lids keeps food separate, whether saving leftovers, pre-making meals, or bringing snacks and meals on the go. Mealtime with your toddler has never been easier!
- PLATES DOUBLE AS FOOD STORAGE WITH PREMIUM HARD PLASTIC LIDS - If you're a parent, you know that toddlers often don't finish their meals. Our plates double as food storage containers, which cuts down on wasted food and the number of dishes you have to wash! Save leftovers or pre-make meals without creating a mess in the fridge – hard plastic lids keep leftover food fresh and are perfect for stacking meals in the refrigerator! Plus, the clear lids make it easy to identify what's on each plate.

Three sections keep food separate for picky eaters and help with portion control
