#### Product More Details

High-quality Material: The dehydrator fruit trays are made of food grade silicone, BPA free, safe, non-toxic, non-stick, won't deform when heated, easy to clean and reusable. Note: Since the silicone is soft and cannot be used alone, it should be placed on a hard tray before serving food. Besides, because it is made of silicone, it is easy to change shape and the food is easier to remove.

Design with Edge: This dehydrator mats have a raised lip design that stays inside the silicone pad when fluid comes out, keeping ingredients in. You can prepare with confidence cookies, dried meat, fruit rolls or dehydrated fruits for your family.

High Temperature Resistance: The silicone dehydrator sheets compatible with cosori can withstand temperatures ranging from -40 °F to 446 °F, can be used in dehydrators and ovens, ideal for making fruit rolls, biscuits, jerky, vegetables, etc.

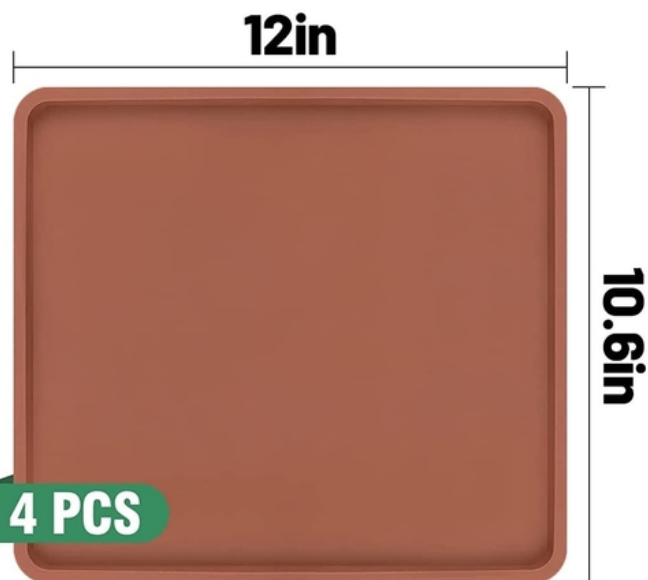

Perfect Size: Our silicone tray liner measures 12" × 10.6", suitable for 12" × 13" metal trays, also for Cosori CP267-FD, Chefman, BioChef Arizona, Magic Mill MFD-7070 Commercial, Excalibur, commercial grade Cabela and more. Tip: The size of the metal tray cannot be smaller than that of the silicone mats.

Multi-purpose: Not only can you use it to make fruit leather, hawthorn rolls, vegetable rolls or other biscuits, but it's also great for making ingredients of soups or sauces in a blender after drying the food.

### Suitable for

- Cosori CP267-FD
- BioChef Arizona
- Magic Mill MFD-7070 Commercial
- Commercial grade Cabela and more.
- Chefman
- Excalibur

The size of the metal tray shall not be smaller than that of the silicone mats

- ▶ Raised edge design, prevents liquid from spilling out
- ▶ Silicone material, will not stick to the mat after molding
