### Kitchen Oven Gloves - Silicone and Cotton Double-Layer Heat Resistant Oven Mitts/BBQ

### Gloves/Grill Gloves - Perfect for Baking and Grilling

#### Silicone Slotted Spoon Description

High quality food grade silicone, 100% BPA-free. Heat resistant up to 600°F, No worry about it melting into your food. Designed with longer handle (12 in)mean no more burn hands or get hands dirty. Stainless steel core for 30% extra strength. The silicone spoon head is moderately soft and hard, and does not hurt the container. The mesh is evenly distributed. Easily remove fat and strain out water with silicone skimmer. After use, just wipe with hot water or put it in the dishwasher, can easily clean and remove excess fat and food. Each piece features small holes on handle to make hanging up easier, Save the space and keep your stove top tidy, these cooking utensils set are practical to use in kitchen.

#### Silicone Slotted Spoon Specification

Material	Silicone
Water Resistant	Yes
Product Care Instructions	Machine Wash
Item Weight	36.2*17cm
Country of Origin	China
Product Weight	212g

#### Silicone Slotted Spoon Features

- High-quality Materials: Made of high temperature soft silicone material, the strainer spoon can be used at temperatures up to 210 °C/400 °F. At the same time, high strength, pressure resistance, and resistance to deformation make it not easy to deform.
- Size Information: The skimmer spoon measures approx 13.4 inches/ 35 cm in length, 5.5 inches/14 cm in width, 1.8 inches/ 4.5 cm in height, larger than regular slotted spoons on the market. Larger capacity will increase your cooking efficiency
- Practical Tool for You: There are 2 pieces scoopers in our package, coming with 2 different colors. They can protect you from splashes and help you filter food effortlessly while cooking
- Humanized Design: It won't transfer heat like metal spoons. Appropriately mesh holes can help you drain food quickly and hold on to the food easily. Non-skip and long handle protects your hands from splashes. Hanging holes at the end are used for easy storage
- Multifunction: The slotted spoon is suitable for kinds of food. Not only can the plastic strainer be used to strain vegetables, pasta,potatoes and so on, but also can save you a lot of cooking time

#### Silicone Slotted Spoon More Details

- [ ONE-PIECE DESIGN ] The slotted spoon is designed in one piece, so don't worry about the head falling off. The silicone spoon body has evenly distributed mesh, suitable for noodle fishing, vegetable draining, fried food, etc.
- [ FOOD-GRADE SILICONE ] The skimmer spoon is made of food-grade silicone, which is BPA-free. Soft silicone Spoon can protect non-stick cookware, safe and can be used with confidence.
- [ LONG HANDLE ] The slotted spoon for cooking is 12.6 inches long, which can effectively prevent scalding. Ergonomic handle design is comfortable, non-slip and easy to grip.
- [ HEAT RESISTANCE ] The spider skimmer is made of silicone, and can withstand the temperature range of - 40°C~230°C, without fear of being damaged under high temperature.
- [ EASY TO CLEAN ] Dishwasher safe, or rinse under running water. Hanging hole design at the end of the cooking spoon can be hung to dry or stored, saving space in the kitchen to make it look clean and tidy.
