### Silicone Drying Mat Description

100% Pure Platinum Silicone Drying Mat for Kitchen Counter: Made in Korea, this silicone dish drying mat utilizes 100% Pure Platinum Silicone. This high-quality material is not only stronger but also odor-resistant and heat-resistant, capable of withstanding temperatures ranging from -40°C to 250°C (-40°F to 482°F). This provides versatile use in the kitchen, including freezer and microwave applications. This mat's tri-fold design offers unprecedented flexibility in a dish drying mat. Whether you need the full size for a major meal cleanup or the folded version for smaller tasks, you can adapt to the demands of your kitchen. To ensure dishes and utensils stay put while drying, we've designed our mats with a non-slip grip. The dishes drying mat remains firmly in place on your counters or tables, enhancing safety and efficiency.
