Item Dimensions LxWxH	14.56 x 5.43 x 0.6 inches

#### Product Features

**BLOCK WATER SPLASHES & STAY DRY:** Say goodbye to wet clothes and damp floors with our top-of-the-line sink splash guard. Its unique design seamlessly suctions to any sink, making it the perfect bathroom or kitchen accessory.

**PREMIUM SILICONE CONSTRUCTION:** Made from 100% premium silicone, this guard is flexible while still being sturdy enough for everyday use. It's equipped with five large suction cups that will hold the silicone splash guard in place while doing dishes or washing your face.

**FITS MOST SINKS:** Our splash guard measures 17 inches long, 2 inches wide and 4 inches tall. With these dimensions the water guard will fit most kitchen sinks and you can even take it into the bathroom or laundry room to help prevent water spills all over your home.

**CONVENIENT STORAGE LOOPS:** When you are done using your splash guard, storage is simple. Use the provided loops, in both the splash guard and microfiber cloth, to hang them on hooks (not included) on your wall or even in your cupboard to keep them out of the way.

**INSTRUCTIONS:** First use the provided microfiber towel to dry the edge of the sink. Then, place the splash guard in the desired location and press down firmly to activate the suction cups. Now you are ready to use your sink without getting wet!

#### Product More Details

Keep your elegant kitchen clean with a silicone sink splash guard.

Suction cups base - Features 5 integrated silicone suction cups at bottom, ensuring it can be firmly stuck to all kinds of smooth countertops - marble, granite, laminate and so on. It is not designed to be adsorbed onto rough wood and tile surfaces.

How it Works - These silicone guards are easy to install, so you can stop those annoying water splashes from the sink or faucet with no hassle.

Easy to clean - Cleaning your sink splash guard is a breeze ! Release the suction, rinse and dry. Dishwasher safe heat, Stain & Odor resistant. Made of BPA free 100% food grade silicone. Not TPR material.

Not Applicable for Sinks as Below (Measure Before Purchase)

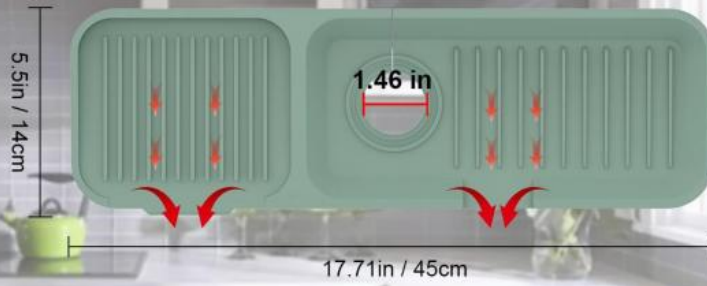

X

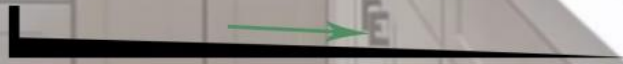

## 2ND GEN DRAINAGE UPGRADE

Upgraded size better fit

The bottom is designed to be slightly declining to allow water to drain faster and the inclined ridges guide the water flow into the drain spout
