#### Silicone Oven Gloves Features

Smart Kitchen Choice: Whether you're a fan of the occasional outdoor BBQ with family and friends or you simply want to make sure your hands are always protected against nasty burns while cooking, these oven mitts heat resistant are definitely a must!

High Quality Construction: Our BBQ gloves heat resistant cooking are made using premium quality, highly durable materials, combining superior grade silicone with comfortable, skin-friendly lining for excellent durability.

Versatile Design: With a one size fits all design that comfortably wraps your hands, non-slip texture for extra comfort and protection, plus modern and chic colors, these cooking gloves heat resistant will come in handy for a wide range of cooking related activities!

Superior Heat Resistance: These oven gloves with fingers are designed to withstand extreme heat of up to 450°F, being an excellent protection tool for your fingers and palms. Use them for grilling, cooking, boiling, barbecuing, for holding hot pots and pans!

Convenient Hanging Loop: Unlike similar products on the market, these heat gloves come with a built-in practical hanging loop that makes storage a breeze! Keep them around the BBQ area or on kitchen hooks alongside your other BBQ accessories!

#### Silicone Oven Gloves More Details

- **COMPLETE KITCHEN COOKING SET:** These silicone oven mitts and pot holders set comes with 2 insulated 15 inch silicone oven gloves , 2 cooking pinch mitts and 2 hot pads , perfect for daily kitchen and grill use. With this 6-piece set, you can worry a bit less by working over hot flames, ovens, stoves or grills, especially when pulling out hot pans, serving hot plates, or placing dishware on your nice new hardwood table.
- **RESISTANT AND FLAME RETARDANT** – Made from 100% silicone, Offering protection up to 450°F, our oven gloves with quilted cotton lining offer improved comfort while cooking. They will also spare tender forearms from burns that can occur when your outdoor grill experiences a flare-up. They will not catch fire or melt when used near a flame.
- **TEXTURED, NON-SLIP GRIP, WATERPROOF and STEAM RESISTANT:**Unlike regular fabric oven gloves,These heat resistant silicone oven mitts do not absorb liquid.The silicone part of the glove is completely waterproof and non-slip, so it won't get wet or slip even if there's liquid on your cutlery, So that these silicone oven mitts provide improved control and stability thanks to a non-skid, textured palm.
- **SAFE AND CLEAN:** Our silicone oven mitts and hot pads 100% ultra-grade silicone is BPA-free and non-toxic, are stain resistant and easily cleanable, with just some warm water & a little soap. They won't tear, thin or fray, making it the safest choice for you and your loved ones!
