High-quality 100% food-grade silicone, reusable and durable, can be used up to 4000 times, and the pattern is easy to slide out. Can be used in ovens, microwaves, refrigerators and dishwashers

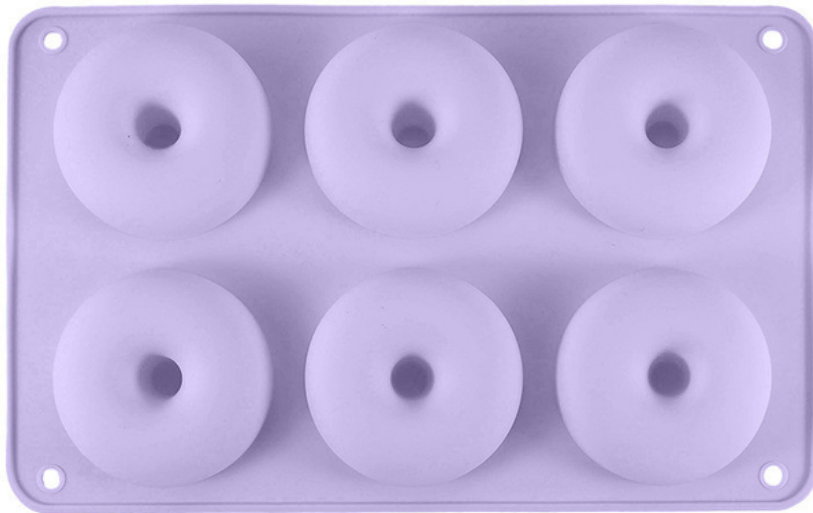

High-quality 100% food-grade silicone, reusable and durable, can be used up to 4000 times, and the pattern is easy to slide out. Can be used in ovens, microwaves, refrigerators and dishwashers

8 independent parts, you can use different ingredients at the same time, everyone in the house can enjoy their favorite taste; no need to cut into small pieces. This way you can enjoy the precise parts without having to cut them off.

Multifunctional: You can also make chocolates, candies, cakes, DIY soaps, candles, ice cubes, biscuits, etc. It can also be used with children to make polymer clay, crayons, candles, etc.

If you like to make scones, although rolling out the dough, cutting into wedges and placing it on a baking sheet is a bit tedious. The pan makes the process easier-just put a spoon in each partition and slide the pan into the oven. The result = perfectly formed scones, easy to remove and easy to clean.
