Product Features

UNIQUE DESIGN - This babies fruit suckers teether is easily introduce new foods to your baby without the risk of choking due to food pieces not being cut small enough and provide baby teething relief by easeing sore gums at the same time! It is a safe way to start introducing solid food as your child goes through the teething phase.

MULTIFUNCTION DESIGN - Infant fresh food feeder is both a pacifier fruit holder and teething toy, these pacifier fruit holders can be used to store fresh or frozen fruits, vegetables, ice chips, breast milk, & even medicine! It relieves your baby's aching itchy gums, and help build up mouth muscle at the same time, these baby fruit suckers are a must have.

EASY TO CLEAN AND STORAGE - Hygiene and safety are our topmost priority. Our mesh fresh food feeder has no irremovable components and can be fully dismantled for washing and cleaning purposes, The food grade silicone is stain resistant and won't spot or stain like similar mesh bag products. The design of food teether with light weight and small size, which could save more space.

Patent Design - Baby fruit teething toy are designed the lovely bear shape that stimulate baby's appetite for consumption of natural nutrients from fruits and vegetables, and easy to grab cone-shaped handle. perfect for little hands to grab and maneuver to their mouths and chew . Eating fruits or other soft foods have never been easier. 2 x Feeders Teether and pack of 6 silicone sacs / teats for different ages of baby/toddlers.

Product More Details

Breastmilk Popsicle Mold for Teething: JY is coming up with a solution for freezing milk with a baby pacifier feeder, the pouch cover allows to pour breast milk or other liquid directly into the feeder without leaking and put in freezer to get frozen milk and cooling teether, perfect for baby Teething Relief

Safe baby feeder: The baby feeding set is made from 100% food grade silicone with BPA free makes the feeder safe for your child to chew and suck on. More hygienic and durable than other mesh teething feeder

Silicone baby teether: This food teether doubles as a teething toy! Simply turn the feeder handle upside down to let your child chew and suck on a 100% food grade silicone teether, Soothes teething pain and keeps your busy little entertained

Toddler Utensils: Place organic baby food, frozen fruit, vegetables or meat into the pouch. Your baby will enjoy the ability to experience of solid foods while also building independence, learning to self-feed and improving hand-eye coordination and motor skills
