Product Description

Soft Textured Sensory Soothing Silicone Teething Toy for Infant and Babies Sore Gums

Product description

Safe and Soothing

The bear teething toy is made of 100% food grade silicone, free of BPA, PVC and phthalates, soft texture, soothes baby's teeth and gums, easy to grasp and chew, and improve the baby's hand-eye coordination.

Product specification

Application	Baby Teething Beads
Product Care Instructions	Machine Wash
Feature	100% Eco-friendly
Number of Pieces	2
Shape	Mushroom
Age Range (Description)	Infant

Product Features

Never Drop & Wearable: Wearable and anti-drop design infant toy, that prevents baby sucking their own fingers. No need for an anti-loss strap, and the baby could easily put the teething nipple into the mouth. Perfect replacement for finger sucking and chewing, develop good oral habits and fine motor skills.

Comfortable: Our teething toys adopt a hollow-out design, are breathable, and keep the baby's hands dry and comfortable compared to a teething mitten. Plus, the whole hand-wrapping part is impossible to flip out, so there is no suffocation risk.

Effective Teething Relief: Nothing beats being able to take your baby's pain away. The baby teether imitates nipple shape on both sides and a soft silicone touch point on top, which is designed for a teething baby to bite in different directions. These teethers for babies 0-6-12 months reduce the possibility of the baby eating hands and relieve swelling, pain, and itching during teething.

Safe to Use: Our teething toys are made of food silicone material, soft and chewy, BPA-free and phthalate-free, and independently lab-tested to fully comply with all CPSIA standards.

Easy to Clean: Wash the newborn toys before and after each use. You can wash baby teethers in the dishwasher or in warm soapy water. It's also tough enough to be steamed or boiled in water for 2-3 minutes. Safe and easy for daily use.

Perfect Gift for New Parents: Providing a perfect teething toy for each baby is always our aim! Cute bear baby teether toys, specially designed for fun to play with and tasteful to chew. Our infant teething toys are perfect as an ideal baby shower gift. These are popular choices for baby showers, Thanksgiving, Christmas, and any other gift-giving occasion.

Product More Details

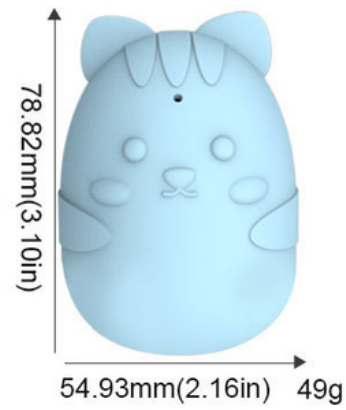

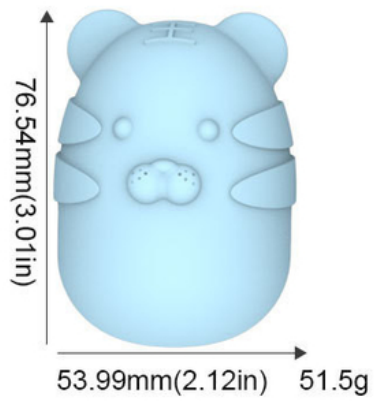

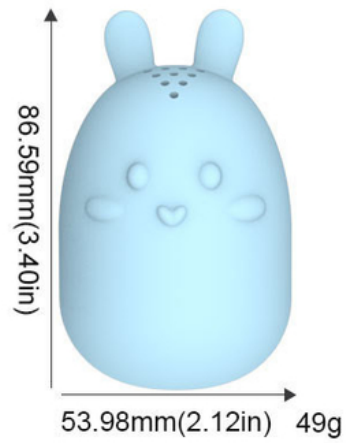

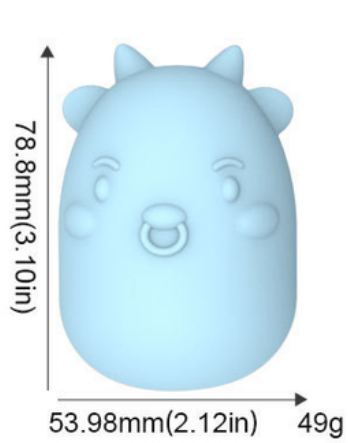

ONE-PIECE HANDLE Our baby teething toys adopts an integrated molding process, didn't use glue to piece teething toys together with handle, which is safe for your baby to use.

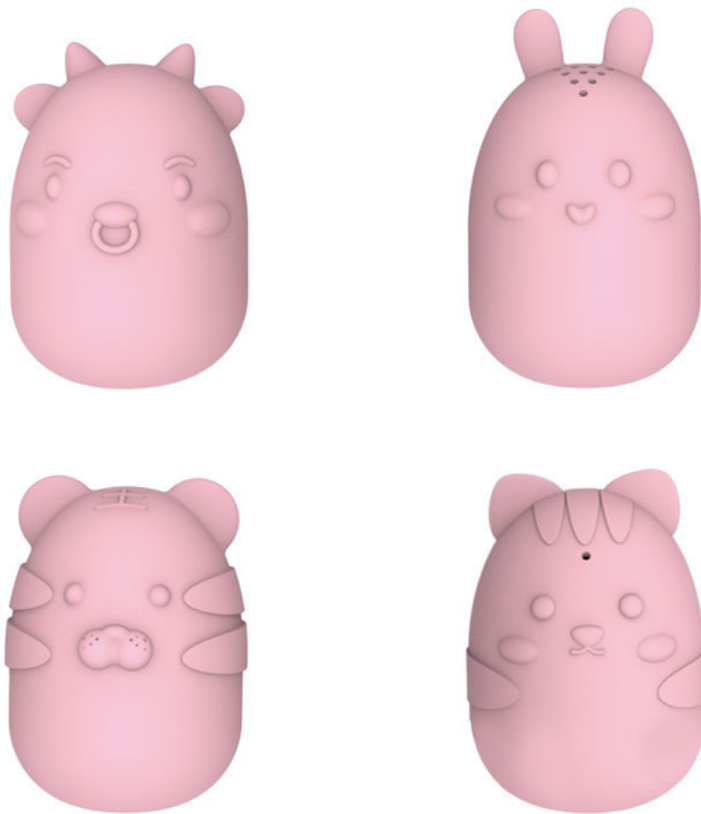

NO SMALL PARTS DROP We design strong pulling force on our pig chew toys' ears, hands and handle, which will not be easily bitten off by the Infants, not cause the danger of choking.

TEETHING TOYS FOR BABIES 0-6 MONTHS SUCKING NEED Different shape and silicone touch point massage granules provide the teething pain relief and gum massage help gum stimulation and teeth growth.

WEARABLE & BREATHABLE Unlike other wrist teether toy, our unique the soft opening design is suitable for different size hands, so that the baby will not feel uncomfortable. Hollow-out design, breathable, keep baby's hands dry and comfortable.

Put Safety First and Use Harmless Materials MQGX pig teether for babies 0-6 months are made of high-quality food grade silicone, non-toxic, BPA free, lead free and phthalate free, safely for dishwasher and freezer. For the first use, please sterilize in hot boiling water or steam sterilizer. It's easy to rinse in warm water after each use.
