Product Features

Best Affordable: Our 3-pack of baby teething toys are available in stylish color and soft textures at the best prices for the perfect shopping experience!

Safe and Reliable: These teething toys are uniquely designed for babies 0-6 months and 6-12 months, the size and shape of the baby toys safely bite from any angle without vomiting, very easy to grasp and chewed comfortably, which helps your baby's sensory development.

Practical: Bear silicone teethers are designed with different textures and bristles to clean and soothe irritated teeth and gums, effectively relieve teething pain, and massage your baby's oral muscles while chewing. Easy to clean, dishwasher safe and boil safe

High Quality Material: Our baby teether is made of 100% food grade silicone, BPA free, soft and stretchy material is very safe and healthy for babies.

Product More Details

100% Food Grade Silicon Our baby hand teethers are made of food grade silicone that is textured to help massage sore gums and provide relief to emerging teeth. The texture also helps your baby discover and explore new senses, so go ahead and chew on this!

Prevent Scratches Our baby teether mittens are great for keeping babies from scratching their skin and avoiding accidental eye pokes.

100% Comfortable PandaEar's silicone teethers for babies is another innovation in the natural teething process as well as a toy, which combines exercise for young hands, gums and teeth. Ideal for those who are just getting their first teeth, this soothing item helps keep children comfortable. Textured surfaces that massage and stimulate gums are perfect for assisting the eruption of front, middle, and back teeth. Soft silicone feels good on baby's gums.

100% Pain Relief Our Premium Textured and Ridged Teether's Design allows your baby to gnaw and bite at the toy to soothe their aching gums. It is easing the pain and discomfort in every area of teething baby's mouth. Teether is very easy for little fingers to get a strong grip, with a unique design that aids in tongue exploration and speech development.

100% Durable Our Super-durable chew toys is made for biting and chewing, and it features a variety of texture combinations to stimulate the gums and mouth. The soft yet durable silicone teether is your baby's newest best buddy, staying by their side through every chomp and chew. It is easy for little hands to hold and are also ergonomically designed to access all teething areas.
