#### Product Features

Multi Functions: this body scrubber can be applied to clean or massage your body, it can also help with the places that you can not scrub with your hands well, like arms, back, foot, which is a very practical tool when you are showering or bathing  
Suction Cups for Firming: the massage pad has many suction cups on the other side, which can be stuck on the wall or floors with strong force without worrying its falling, stable and non slip, then it would be functional in showering. The suction cup can be adsorbed on the flat and airtight panel (tile, glass, iron plate, stone and other airtight materials). Adsorbed on a very smooth surface.

Reasonable Design: there are 2 kinds of brushes of the foot massage to play different roles in working to fit the curve of back and foot, the longer brush is suitable for your toes that are hard to be cleaned with the shorter one, which can make your foot exfoliate and be smoother

Labor Saving: the shower scrubber for body is labor saving, as you do not need to bend to make your body clean, and thus it is very suitable for the elders, pregnant women and other persons who are moving difficultly
