Product Features

- **FOOD GRADE SILICONE** The sippy cup are made from 100% food-grade silicone, which are non-toxic, lead-free, phthalate-free, BPA free silicone.
- **WEIGHTED BASE** Weighted base and tactile bumps provide stability and sensory awareness to reduces spillage, and preventing messes.
- **LEAKPROOF, SHATTERPROOF** The liquid won't come out through the lid, it can keep the damage to a minimum and keep your child's clothes and the floor nice and clean. The silicone training cup is shatterproof as well, it won't break when dropped.
- **A PRACTICAL CUP** It is gentle and flexible, specifically designed to fit baby's mouth and hands. Soft silicone protects baby's developing teeth, it is a great for toddlers trying to master fine motor skills and drinking independently; Silicone is heat-resistant, you can use it with cold, warm and hot foods and liquids, it's safe to pop in the microwave, dishwasher, freezer and even oven!
- **SO VERSATILE** Our silicone training cups are specially designed for developing tipping and sipping skills, along with the easy grip handles, and reusable mini silicone straw. It can be an open cup, or use the soft silicone lid over a cup to create a non spill sippy cup, and the straw fits perfectly through the hole to create a straw cup, too. So versatile!

Product More Details

- **SAFETY IS OUR #1 PRIORITY:** Our training cup with straw lid is made w high purity grade silicone. It is BPA, PVC, Lead & Phthalates free. Soft silicone reduces potential injury to developing gum & teeth, nurturing independence and accomplishment.
- **GREAT FOR AGES 6 MONTHS TO 18 MONTHS:** Our cup with straw lid is versatile. It can be used as a mini open cup for independent drinking or as a straw cup. It helps to reduce messy spillage and is perfect for all occasions whether at home or on the go.
- **DESIGNED BY PEDIATRIC FEEDING EXPERTS:** Wide weighted base adds stability and reduces messy spillage. Non-slip surface makes easy to hold for tiny hands and facilitates successful movements to the mouth, encouraging transition from bottle to open cup.
- **INNOVATIVE DESIGN:** See-thru silicone and easy-to-read indicator add measurement consistency for mixing and portion control. Baby can see what is inside the cup, reducing the anxiety associated with drinking out of a cup with unknown liquid.
