Product Description

Silicone Face Mask Beauty Tool Soft Silicone Facial Mud Mask Brush

Silicone Face Mask Brush Description

These face mask brushes are a must have for every one who enjoys a face mask!! Super soft and bendable, it's easy to spread an even layer of mask onto your face! They also help keep the product more pure and sanitary. They prevent you from having to dip your fingers in the tub of product over and over. No worry to wash gunk out of a bristled brush. It's incredibly efficient to not use your fingers! No more having face mask products all over your hands (wasteful). They keep your fingers and nails from getting all gunked up. If you use a mud, clay or charcoal mixed mask, this is a must! Get them and you will never regret!

Silicone Face Mask Brush Specification

Special Feature	Washable
Style	Makeup Brush
Durable	Yes
Number of Pieces	1
Product Weight	10g

Silicone Face Mask Brush Features

- Great tool for face mask application. Holds a good amount of product and the silicone is soft feeling but firm enough to spread mud masks. You can also apply it much more smoothly as well as with more precision.
- No more messy hands! It's nice to apply a face mask without having to wash gunk out of a bristled brush or use your hands. And it helps in not getting the mask under your acrylic nails.
- Much easier, less waste! These face mask applicators rinse off easily with some water and don't stain. You won't have to worry about a bunch of mask getting stuck in your bristles (wasteful).
- No more dirt! These help keep the product in the jar untouched so it's clean.
- A must have for every one who enjoys a face mask! Perfect for applying mud, clay or charcoal mixed mask and moisturizers though. Easy to store, great to travel with.

Silicone Face Mask Brush More Details
