Product Features

- High-quality material: Hot water bag is made of high-quality PVC material, odorless, & Non-toxic. BPA-Free hot bottle water bag is recyclable. Compared to the rubber transparent hot water bottles, this one is more durable & longer lasting insulation.
- Safe and easy to use: First open the cap, then fill two-thirds of 80 degrees of water into the rubber water bottle. Finally, tighten the cap and turn the warm water bag upside down to check for leaks.
- Unique design: The special pattern design on the surface makes the hot water bottle for cramps safer and more comfortable. The hot water bottle only cover is comfortable and high-quality material, it can keep warm for a longer time.
- Best assistant: Hot bags can be used for hot and cold therapy. Hot compresses can relieve knee pain, back pain, menstrual cramps, cold hands and feet. Cold compresses can relieve fever and cool down.
- GREAT FOR PAIN RELIEF, HOT & COLD THERAPY - Hot water bottle can be used alone as a remedy for aches, pains and sports injuries. In addition to the traditional hot therapy, it can also double up as a cold compress for kids with fever or to reduce swelling for minor injuries.
- CONTINUOUS WARM - It is made from natural rubber. Retains heat for an extra long time. Ribbed outer surface helps maintain liquid temperature.
- SAFE & CUTE - This hot water bottle is manufactured to B.S.1970:2012 to ensure maximum safety.
- GREAT GIFT CHOICE - The perfect Birthday or Holiday gift for friends and family, ideal for keeping you cosy at night or quick pain relief.
- CLASSIC HOT WATER BOTTLE not only warms your body but warms your 'heart' in chilly winter. Place it under your bed cover to chase away the chilly night air, or use it as a heat pack under your clothes to relieve back aches, you will experience the soothing comfort of the heat bag for even longer

Product More Details

- ♥ SAFE & NO LEAK : Hot Water Bottle is made of new anti-aging rubber, longer life than traditional ordinary rubber bottles. Make sure maximum safety and transfer the heat perfectly. Passed pneumatic pressure test, 24 hour swing test. It is completely pressure-tolerant and leak proof.
