Product Description

14 Pcs Silicone Cooking Utensils Set Stainless Steel Handle Kitchen Gadgets

Stainlees Steel Utensil Description

When I was little, my mom always cooked me delicious and healthy meals. Even though she was busy, she smiled happily.

After I got married, I cooked a lot too, and I was busy in the kitchen for a long time every time. I realized how great she was.

Now, our Kitchen Utensil makes kitchen cooking easier and lets you enjoy the process of cooking good food in the kitchen. It also gives you more time to enjoy the joy of food with your family and friends.

Stainlees Steel Utensil Features

- **CORRECT THE SHORTCOMINGS OF MOST KITCHEN UTENSILS. MEET MORE NEEDS** - Cooking utensils of increased size no longer look like toys! more stronger and more practical. The perfect combination of 304 stainless steel handle and silicone not only prevents the transfer of heat but is fully compatible with dishwasher safety! Nanotechnology makes the silicone head and stainless steel connection more stable. The large kitchen utensils holder makes it easy to store all the kitchen tools
- **HEAT-RESISTANT, NON-MELTING, ODORLESS** - The Silicone Cooking Utensils can withstand temperatures up to 446°F. Even if they are used in the high temperature environment of frying, you don't have to worry that it will melt. It doesn't retain odors or colors when you use it for stirring deep-colored food. Deep Soup Ladle, Solid Serving Spoon, Slotted Spoon, Flexible Spatula, Round Spatula, Pasta Server, Slotted Turner, etc. are made from food grade silicone. protect your pot from being scratched
- **SAFE, BPA FREE, FOOD GRADE SILICONE** - The kitchen utensil set are made from the highest quality food grade silicone. BPA free. silicone is safe to use for any type of food. The Kitchen Utensil Set does not react with food or beverages, or produce any hazardous fumes. you don't have to worry about the health of your families. And it will probably last longer than the other plastic kitchen utensils. It would be your great companion in the kitchen. This Kitchen Tools is the best gift choice for mom
- **NO GAPS, NO FOOD IS CAPTURED, EASY TO CLEAN** - Add stainless steel to each kitchenware to maintain an initial optimal memory state. Never warp. And full of flexibility. One-piece molding without any gaps to capture food. Make cleaning easier. This 18-Piece kitchen utensils set will satisfy all your needs for cooking. Everyone of them has its unique use. This is the best cooking utensils set for hotel chefs

Stainlees Steel Utensil Details

- **LARGE KITCHEN UTENSILS WITH STAINLESS HANDLE** If you've grown tired of small kitchenware that resembles children's toys, this large kitchen tools set is perfect for you. The silicone head combined with the high-quality stainless steel handle ensures lightweight and durable for everyday use. The container is big enough to fit everything back in easily. Stainless steel handles are not only corrosive-proof but also do not need to worry about fading or wear
- **NO GAPS & DISHWASHER SAFE** Strong seamless welding design which is a major plus as there aren't any cracks or ridges to catch food or harbor anything that makes it super easy to clean. The sturdy silicone surface eliminates the worry about damage caused by machine washing to the product. Just put it in the dishwasher after use, and you will get a new set. This cookware utensils set has everything you need, It's an ideal gift for Mother's Day, Christmas, as a housewarming present, and more.
- **FOOD GRADE SILICONE & NO PLASTIC**: There is no trace of plastic in the entire construction. Each cooking utensil is made entirely of food-grade silicone, BPA-free, and odorless. We know that this is a health issue that concerns you and your family, So We strictly control the production and quality of these cooking utensils. NOTE: It must be soaked for half an hour when it is used for the first time, and then exposed to the air for about 3 hours, the original smell of silica gel will disappear
- **NEVER WARP HIGHLY HEAT RESISTANT** One of the best things about Umite Chef silicone spatula kitchen utensils is their ability to withstand heat safely. Each utensil is heat-resistant up to whopping 446°F and won't melt (even leave it in the pot for a while) and our spatula head won't even become knicked or warped even at those extreme temperatures. This silicone cooking utensil does not react with food or beverages and will not retain odors or colors when you use it for stirring-based food product
- **14 PCS COOKING UTENSILS WITH HOLDER** - The Utensil Set includes everything you need to cook that perfect dish, you don't need to spend a fortune to buy each one individually. Includes Slotted Spatula, Slotted Spoon, Flexible Spatula, Slotted Turner, Solid Turner, Pasta Server, Solid Spoon, Kitchen Tongs, Draining Spoon, Whisk, Egg Separator, Deep Soup Ladle, large Spatula, Brush, measuring cups and spoons set, Spreader Spatula, Large Holder
