Product Description

Silicone Toe Spacers for Correct Toe Alignment Bunion and Hammer

Silicone Toe Separators Description

The breathing exercise device is relatively easy to keep clean. Thanks to its screw-on design, the pure silicone structure separates into two parts ensuring it is cleaned with efficiency and ease. The flexible medical grade silicone mouthpiece is highly durable by design. Its heavy-duty components ensure that the breathing exerciser stays useful for years to come

Silicone Respiratory Trainer Specification

Item Name	Silicone Respiratory Muscle Training
Product Size	5*10cm
Product Weight	70g
Number of Pieces	1
Suitable	All Ages and Fitness Level
Usage	Breathing Trainer

Silicone Toe Separators Features

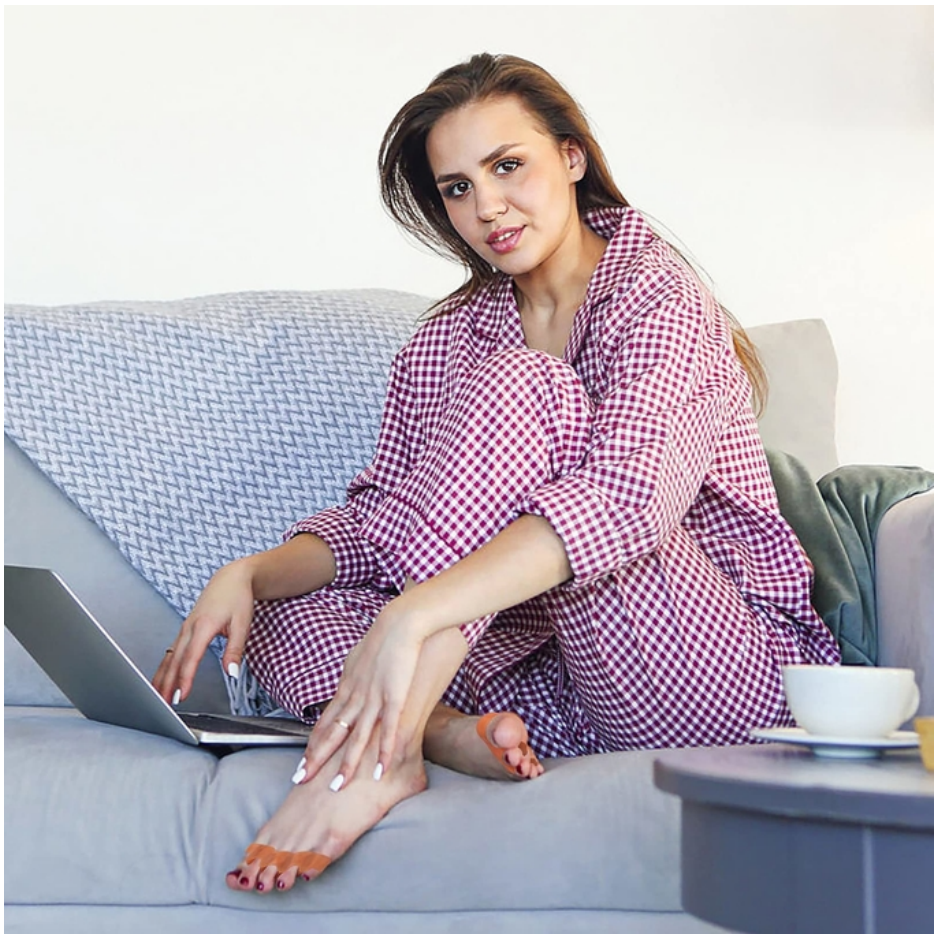

- Gentle Correction: The silicone toe spacers separates the five toes evenly and stretches the skin of the foot evenly, gently ease your toes back into proper alignment, relax the muscles in your feet and gently correct bunions, hammertoes and overlapping toes to help restore the natural shape of your toes and feet.
- Helps Reduce Foot Pain: Wearing tight fitting shoes, sports cleats, work boots, or narrow high heels can cause bunions, overlapping toes, hammer toes and pain from the muscles and bones in your feet being improperly aligned. Hilph gel toe separators will reduce the pain from these uncomfortable foot conditions.
- Wearable Design: This toe spacers can be comfortably worn, toe separators ideal for use during yoga and other barefoot training exercises. They are also comfortable to wear under socks or inside wide fitting shoes, provides comfortable relief and support in both daily life and sports.
- One Size Fits Most & Washable: The toe spacers are made of soft and stretchy material, one size fits most women men and can be worn on the left foot and the right foot. Easy to clean, can be hand washed in warm soapy water, air dried, and reused over and over.

Silicone Toe Separators Details

- Strength training of respiratory muscles reduces shortness of breath and increases lung capacity.
- Almost anyone can use it without side effects.
- Small and compact, can be carried with you.
- Strengthen your respiratory muscles and abs with our breathing and lung exerciser device, ultimately enhancing your overall performances.
- The adjustable resistance makes the simplest task more difficult, and can exercise more intensely according to your needs.

Silicone Toe Separators Others

- Everyone Foot inflammation is a problem that plagues every patient, and now you should need a toe corrector to improve the situation.
- Advanced Material The soft and comfortable material can relax the foot muscles, and can fix the toes to promote blood circulation for recovery, pain relief and correction. It can treat plantar fasciitis, bunions, hammer toes, and overlapping toes.
- Various Usage Scenarios Toe correctors can be worn inside socks and with wide toed shoes, or on bare feet. Sleep, take a walk, yoga, running, bicycle, climb and more...
- Large Quantity 8 PCS can be used for a long time and stay with you until you get better.
