Product Description

Corner Protector for Baby Protectors Guards Furniture Corner Guard Edge Safety Bumpers

Silicone Baby Corner Protector Description

Made of Soft high-temperature-resistant Silicone (Adhesive Except), Offer 5x cushion, softer and thicker than normal PVC corner protectors. Unlike the foam material, it can not be tore easily by babies and children, but also provide with flexible proofing guard for baby safety. The L-Shaped corner protector prevents babies from swallowed than O-Shaped ones. The thickened and large design will offer more padding protection. Suitable for all kinds of surfaces, such as Wood, Glass, Metal, Marble, Cement. The corner protectors are essential for the home with little ones, kitchen, living room, bedroom, every corner is very dangerous. Or even can be used in an office for adults' safety. Also, they will help keep away from the friction between furniture and wall.
