Product Description

Silicone Chair Leg Floor Protectors with Felt Pads

Silicone Felt Furniture Leg Pads Description

Compared with most of the traditional 1mm furniture pads on the market, our chair leg floor protectors are made of 2mm thick silicone, which will never be damaged, durable. The chair leg protectors will not change color when stretched. Inside of the inner sleeves are particles with anti-slip, which will firmly fix the chair and never make the covers fall off. Felt pads at the bottom make your furniture move silently and smoothly along floors without leaving marks and noise.
