### Product Description

## Silicone Reusable Round Clear Self Adhesive Knob Wall Protector Shield Strong Door Stopper Protectors

### Silicone Wall Door Handle Stopper Description

This door wall protector is made of high-quality materials, soft silicone, and the use of the door stopper can avoid collisions and extend the service life of door handles and other components. And it is durable, not easy to crack, providing long-lasting protection for your walls. The self adhesive design of this door protector makes installation easy, except for rough and cracked walls, everything else can be easily installed. First, clean the surface, peel off the sticker, and then firmly stick the door handle stopper of the wall to the desired place to complete the task.

### Silicone Wall Door Handle Stopper Features

- [High Quality] - The cabinet door bumper is made of high quality and eco-friendly silicone, water-proof, non-toxic, safe for the environment. The cabinet door stoppers have a very sticky self-adhesive backing to ensure the bumper stay in place and not easy to fall off
- [Noise Dampening] - The cabinet pads can suppress the harsh knocking sound and prevent damage when closing drawers and cabinets, and can attach to any furniture or household objects to avoid slipping, scratching or friction
- [User-friendly Design] - Only 0.5 inches in diameter and 0.14 inches height, these cabinet stoppers rubber will be nearly invisible once applied, won't affect the use of furniture or your interior design
- [Strong Self Adhesive] - The rubber bumpers for cabinet doors have a strong built-in self-adhesive backing. Simply press the cabinet silencer firmly into any surfaces. Don't worry, the rubber dots for cabinets can be easily peeled off without leaving a mark
- [Wide Application] - The cabinet dots are suitable for cabinets, drawers, doors, table tops, laptop, cutting boards, picture frames, vases or any other furniture that needs cushioning.
