Our Product Introduction

### Product Description

## Silicone Hot Handle Holder Non-Slip Silicone Pot Holder Sleeve Cast Iron Handle Covers

### Silicone Hot Handle Holder Description

The handle cover has nice heat resistance and can well prevent your hands from being burned by the hot handle. Silicone material made the handle cover more sturdy and performs well in insulating heat. There is also a hole on the cover, so you can hang it on the kitchen shelf. The heat resistant handle cover can be used for many cookware handles in kitchen, like frying pans, grilling pans, skillets, milk pots, etc. They are great assistant for home cooking, barbecue and outdoor camping. The heat resistant handle cover is made of quality silicone, is soft to hold and durable in using. It will better insulate heat and protect your hands.
