Silicone Ice Cube Trays With Lid And Bin Details

- This is a creative ice cube tray we designed this year, our thought is to make it easier to release the ice cubes, it is different from the traditional ice cube mold. If you want to try something different, you can try this one. Also it's a unique gift for your friends.
- Important Note: Please read the install instruction on the picture before purchase. This ice cube tray imitate the manual twist ice tray by press the button, as long as you put the ice tray and the button in the right place, it will be very easy to release the ice cubes.
- Food grade material: This ice tray is made of food grade ABS and PP material. You can use it to make ice or store food with confidence.
- Easy release ice cube tray: This ice trays for freezer is designed with an innovative release design, which makes it easier to release. Just place the ice tray in the right position and press the green button on the lid with your finger and you can easily release the ice cube.
- Easy Release Design - Our press-on ice cube tray releases 28pcs ice cubes super easily. Simply place the ice compartment upside down on the ice box, close the lid and press the middle of the lid with both hands to release easily. A revolutionary upgrade to traditional freezer ice compartments for ice making, ice release and ice storage.
- Practical Ice Box - Freezer Ice Tray includes a large capacity 0.5 gallon ice storage bucket that can be used with ice to prevent ice from falling apart. In addition, any leftover ice can be stored in the bin for future use.
- Food Grade Material - These products are made from high standard food grade PET + silicone material, which means they are safe to touch food without causing any harm to humans. which prevents harmful substances from harming the human body.
- Fast Chilling and Freezing - Our ice cube tray produces cubes with an ideal size of 0.87". With tiny ice cube will chill and cool your drink much faster than standard or large ice cube trays, so you can enjoy the sweet cold drinks first sip much quicker. Save your time!
- Wide range of applications - The silicone ice compartment is perfect for friends/family gatherings. Not only can you make water ice cubes, but you can also add fruit, cocktails, wine and whisky to the ice cube tray for a variety of DIY flavours.
