Our Product Introduction

Silicone Facial Beauty Ice Roller Features

- What is an Ice Roller? It's a small skincare tool, (typically stored in the fridge, to keep cold) that you use to massage your face. Ice rollers are a new and effective skincare technique that give you almost instant results, including de-puffing, tightening and brightening your skin.
- Easy to Use Ice Roller: First please fill it with water and after it's been in the fridge for a few hours, roll it in a zig-zag motion across your forehead, down your nose, and on your cheeks. We recommend applying slightly more pressure while rolling it upwards on your lower cheeks as this will help lift your skin. Go through these motions for about 10-15 minutes!
- Food Grade Silicone: the ice roller is made of high quality food grade silicone material. Due to its silicone material it is durable and reusable even through thousands time of in-and-out of the refrigerator.
- Facial Cleanse Roller: The outer body is designed with facial wash brush which could help you clean your face more efficiently. There are a number of benefits to using an ice roller - some more obvious than others. Depuffing as well as helping reduce headaches and helping your skin absorb products in a much more effective way.
- Perfect Gift Choice: we offer 5 color of the ice face roller for you to choose from. You purchase one or more to share with your family, friends and lovers on any celebrating days. With multiple quantities you can also DIY it with different elements (such as lemonade, green tea, cucumber, coconut, etc) to take care of different skin type and skin problems.
