### Outdoor Sports Wrist Kettle for Features

**Durable and Lightweight :** Many outdoor athletes need to replenish water every moment. This water bottle is made for athletes and is made of silicone. It can be worn on the wrist, making it durable and lightweight.

**Quick and Easy Refilling :** The Marathon Replenishment Cup allows for effortless refilling on the go. The flip-top lid design enables you to replenish your water without interrupting your stride, ensuring you maintain your pace and focus during intense workouts.

**Easy to Carry :** At just 10mm thick when empty, our silicone water bottle is incredibly easy to transport, can slip in your pocket, or wear around your wrist. Our portable sports cup can hold up to 200ml(7 floz) of water while still maintaining a thickness of only 35mm when full water. Stay hydrated and move freely with our innovative design.

**Unique Bite Mouthpiece Design :** The mouthpiece is ergonomically designed to prevent air return, ensuring a leak-proof seal while in motion. Plus, you can easily drink on-the-go with a simple bite. No need to open the lid.

**Multi-Purpose :** This silicone Bottle is not limited to just one activity. Its versatile design makes it suitable for a wide range of sports and outdoor adventures. Whether you're running a marathon, conquering a mountain peak, or cycling through challenging terrains, this sport bottle will be your reliable hydration companion.

### Outdoor Sports Wrist Kettle for Details

**Stay Hydrated Anywhere, Anytime :** The wrist drinking bottle is perfect for running, jogging, rock climbing, cycling, walking, fitness, and more. Attach the bottle to your wrist with the strap and drink anytime and anywhere.

**Durable and Lightweight :** Made from high-quality silicone, this sport bottle is both durable and lightweight. It can withstand the demands of rigorous activities without weighing you down, making it an ideal choice for athletes who prioritize performance and portability.

**Quick and Easy Refilling :** This silicone Bottle is not limited to just one activity. Its versatile design makes it suitable for a wide range of sports and outdoor adventures. Whether you're running a marathon, conquering a mountain peak, or cycling through challenging terrains, this sport bottle will be your reliable hydration companion.

**Convenient Twist Cap Design] :** This wearable bottle has a cap that fits snugly on the bottle, following the natural curve of your hands for smooth opening and closing.

**Leak-Proof & Easy to Use :** The unique biting nozzle design prevents water leakage, allowing you to easily drink by biting the silicone mouth or pressing the water outlet.
