Collapse Water Bottles for Features

HIGH CAPACITY: Large capacity silicone water bottle; allows you to hydrate your body at any time; enjoy the outstanding design and convenience of this squeeze water bottles compared to most products on the market. A check valve design prevents liquid to go out even if you hold it upside down.

LEAKPROOF & EASY TO CLEAN: Wide-mouthed design makes the travel water bottle easy to clean the interior or add water and ice; the leak-proof one-button switch opens the cap easily; the lock ring prevents the bottle from accidentally opening. Before initial use, it is recommended to soak in boiling water and lemon for 20 minutes.

COLLAPSIBLE: BPA free water bottle allowed to be folded to 1/3 of the size for easy transport. Retainer band for clip-on and storage, stand stable even with less water.

WIDE TEMPERATURE: Endures a wide range of temperatures from -40 to 100 ; use with refrigerated or boiled liquids; crash proof and anti-collision design makes collapsible water bottle a perfect companion for bicycling, running, swimming, outdoor activities, extreme sports, and more.

Collapse Water Bottles for Details

Space Saving - The silicone collapsible water bottle takes advantage of the characteristics of soft silicone material and can be folded compactly, making it convenient to carry around. A foldable water bottle will not take too much room of your package, it's much easier to keep you hydrated anytime and anywhere.

Safe to Use - Our foldable water bottle is made of food-grade silicone, BPA free, passed SGS, LFGB, and obtained FDA certification. With a food-grade liquid silicone body and food-grade plastic cap, each sipping of your drinkings is ensured safe and healthy. The silicone material is the same with those pacifiers, even kids can drink with confidence.

Leak Proof - The portable travel water bottle is designed with patented sealing screw cap to eliminate leaks and spills and prevent the bottle from accidentally opening. This travel gadgets itself is tightly sealed and will not leak either. The wide-mouth design makes it easier to clean. The collapsible water container is easier to refill ice cubes, fruits and other drinks.

Recommend using lemon or boiled water to clean for the first time.

approved - This airport approved water bottle is essential for cruise ship and airplane flights. It makes ideal travel gifts for those sharing a healthy and sustainable lifestyle on backpacking, cycling, camping, hiking, exercise, trips, school, daily use, etc.

Sturdy - Collapsible water bottle is made of premium food-grade silicone, the bottle body is soft and sturdy, sturdy enough to resist any dropping, squashing, smashing, hit, not like those glass cups and plastic bottles, very easy to break. Thus, you can use it with free.
