Product Description

Silicone Night Lamp Description: [Silicone JinYu Industrial Brochure .pdf](#)

One of the most outstanding features of the Silicone Stationery product is its LED light source. The sharpener has a built-in LED light that illuminates the pencil while sharpening, making it easier to see the pencil's tip and prevent over-sharpening. The LED light is also helpful for those who work in low-light environments or need to sharpen their pencils during nighttime.

The Silicone Stationery product is not just a pencil sharpener; it is also a versatile and multifunctional tool. The product doubles as a Dinosaur Night Light for Kids, thanks to its cute and adorable design. Kids will love the portable battery baby night light dinosaur lamp, which they can use to read books, play games, or sleep better at night. The dinosaur lamp is made of soft and flexible silicone that is safe for kids to use and easy to clean.

Aside from the Dinosaur Night Light for Kids, the Silicone Stationery product also comes in other designs, including a cute silicone capybara lamp for kids. The capybara lamp is another portable and battery-operated light that kids can use for various purposes. The capybara lamp is perfect for kids who love animals and want a cute and functional lamp on their desks or bedside tables.

The Silicone Stationery product is a high-quality and practical tool that is perfect for anyone who needs to sharpen pencils or wants a cute and functional lamp. The product is made of 100% Platinum Silicone, which is safe, durable, and easy to clean. The product is also lightweight, portable, and battery-operated, making it easy to use and carry around. The product's HS code is 3926400000, which means that it is classified as a plastic item for household use.

Silicone Night Lamp Features: [Silicone JinYu Industrial Brochure .pdf](#)
