Hot Water Bottle Features

Relieve Body Aches And Pains - If You Are Suffering From Muscle Soreness Or Body Aches Try Using A Hot Water Bottle. Simply Fill It Up With Hot Water And Place It Anywhere Relief Is Needed. Heat Can Ease A Range Of Pains From Headaches To Cramps

Use For Soothing Heat Therapy - Fill The Bottle With Warm Water To Ease Aches And Pains From Headaches, Cramps, Arthritis, Toothaches, Sore Muscles And More. If You Feel Chilly On A Cold Night, A Hot Water Bottle Is Great To Use As A Bed Warmer

Great For Everyone - Anyone Can Benefit From Using A Hot Water Bottle From Athletes To Everyday People Both Young And Old. Athletes Can Use It For Muscle Recovery And Sports Injuries While Everyday People Can Use It To Relieve Minor Aches And Pains

Easy To Use - Using A Rubber Water Bottle Is Simple. Just Unscrew The Top Of The Bottle, Fill It 2/3Rds Full With Warm Water, And Screw On The Cap. The Water Will Remain In The Bottle And Maintain Its Liquid Temperature

Hot Water Bottle More Details

- Premium Rubber Material- Aikotoo hot water bottle is made from 100% natural rubber, which maintain liquid temperature and hold the heat longer than PVC hot water bottles. The material is also soft to touch and can be used independently to keep warm or relieve pains with a much cosier temperature.
- Unique Design for Different Purposes- The hot water bottle features two different surface. The twill/ non-slip surface is designed for the body site that is sensitive to heat and protect against the burn. The smooth surface is for the place that needs more heat and warmth.
- Keep You Warm for Long- Fill the bottle with 2/3 hot water, place it in the bed up to 10 minutes before going to bed, our thermal hot water bottles will prepare a warm and wonderful sleep atmosphere for you. Generally, our rubber hot water bottle will keep warm for 3-4 hours without covering and 6-8 hours under quilt.
- Multifunctional Hot Water Bottles- Our hot water bag can be used alone as a remedy for aches, pains and sports injuries, such as back, neck & shoulder pain, muscle sore, menstrual cramps and tension(calm period pain). Besides the traditional hot therapy, it can also double up as a cold compress for kids with fever or to reduce swelling for minor injuries.(Do not use the microwave for heating)
- Easy To Use- Grab the neck of hot water bottle. Fill in water slowly up to 2/3 full. Press the residual air out slowly and tighten on the screw cap. Make sure there are no leaks before using.
