Product Description

Product Description:[Silicone JinYu Industrial .pdf](#)

One of the main features of the Silicone Hot Bag is its waterproof and leakproof design. This means that the water stays inside the bag without any risk of leakage, making it easy to use and carry around. The bag has a capacity of 2 liters, which is enough to provide long-lasting heat or cold therapy for various injuries, pains or discomforts.

The Silicone Hot Bag is a versatile product that can be used for both hot and cold therapy. It can be heated in the microwave for a quick and easy way to soothe sore muscles or cramps. The product can also be used as a cold pack by filling it with cold water and freezing it. This makes it a versatile product for different purposes and seasons.

The Silicone Hot Bag is a great alternative to the classic rubber hot water bottle. It is made from high-quality, durable silicone material that is built to last. The product comes with a soft fleece cover that makes it comfortable to use and helps to retain heat for longer periods.

This is essential for anyone who needs to use the hot water bottle for extended periods of time.

For those who prefer the classic rubber hot water bottle, the Silicone Hot Bag is also an excellent option. It provides the same long-lasting heat as a premium classic rubber hot or cold water bottle with soft fleece cover. However, it has the added benefit of being microwaveable, making it more convenient to use.

Lastly, the Silicone Hot Bag also comes in a long hot water bottle rubber design that is perfect for those who need to apply heat or cold to larger areas of their body. The long design makes it easy to wrap around the neck, shoulders, or back, providing relief from pain or discomfort in those areas.

Features:

Product Name: Hot Water Bottle Bag

Keywords: Silicone Hot Bag

Design Style: Fashion

Comfort: Soft And Flexible

Feature:

Waterproof

Leakproof

Applications:

This hot water bottle can be used for a variety of occasions and scenarios. First and foremost, it is perfect for providing warmth during cold nights, since it can retain heat for a long time. Additionally, it can be used to soothe muscle pain or menstrual cramps, since its soft fleece cover provides extra comfort. It can also be used as a cold pack, to reduce inflammation or swelling, for example after an injury or during a hot summer day.

Its BPA-free material ensures that it is safe for you and your family to use. It is also durable and easy to clean, making it a long-term investment. The JY Hot Water Bottle Bag comes in an OPP bag and its delivery time and payment terms can be negotiated. Its supply ability is on stock, so you can receive it as soon as possible.

The minimum order quantity for this product is 500 pieces, and the price can be negotiated. Its classic design and versatility make it a great gift for any occasion, such as birthdays, Christmas, or even as a wedding favor.

Don't miss out on the opportunity to own the Premium Classic Rubber Hot or Cold Water Bottle with Soft Fleece Cover from JY, a trusted brand in the market. Order yours today!

Customization:

Our JY Hot Water Bottle Bag has a model number of JYP5299 and is made in China. It is certified by FDA and LFGB, and has a minimum order quantity of 500pcs. The price is negotiable and it comes in an opp bag packaging. The delivery time and payment terms can also be negotiated. We have a supply ability on stock, making it easy for you to get your customized hot water bottle rubber with soft cover.

Support and Services:

The Hot Water Bottle Bag product comes with technical support and services to ensure optimal performance and customer satisfaction. Our team of experts is available to assist with any questions or concerns related to the product, including troubleshooting, usage instructions, and maintenance recommendations. We also offer repair and replacement services in the unlikely event of a defect or malfunction. Our goal is to provide reliable and efficient support to our customers, so they can fully enjoy the benefits of our Hot Water Bottle Bag product.

Packing and Shipping:

Product Packaging:

The Hot Water Bottle Bag will be shipped in a clear polyethylene bag to protect it during transportation. The bag will then be placed in a cardboard box with protective padding to ensure safe delivery.

Shipping:

We offer free shipping on all orders of the Hot Water Bottle Bag within the United States. Orders will be processed and shipped within 1-2 business days. Delivery times may vary depending on the shipping address, but typically range from 3-7 business days.
