Product Description

Product Description:[Silicone JinYu Industrial .pdf](#)

The Hot Water Bottle Bag is made of high-quality materials that are durable and long-lasting. It is designed to be waterproof and leakproof, which ensures that the user does not experience any inconvenience while using it. The removable hot cold pack makes it easy to clean and refill, giving the user the flexibility to adjust the temperature according to their needs.

The Hot Water Bottle Bag is lightweight and easy to carry around, weighing only 210g. It is perfect for use at home, in the office, or while traveling. The product is available in red, which is a vibrant and attractive color that adds a touch of style to the user's surroundings.

The Hot Water Bottle Bag is a versatile product that can be used for hot compress and heat therapy. The user can apply it to any part of the body that needs relief from pain or discomfort. The knitted cover provides an additional layer of insulation, ensuring that the user does not experience any discomfort while using it.

In summary, the Hot Water Bottle Bag with knitted cover is a durable and large hot water bag that provides hot compress and heat therapy. Its soft and flexible design makes it easy to use, store and carry around. The waterproof and leakproof feature ensures that the user does not experience any inconvenience while using it. The removable hot cold pack makes it easy to clean and refill, giving the user the flexibility to adjust the temperature according to their needs. It is available in red, which is an attractive color that adds a touch of style to the user's surroundings.
